OBJECTIVE OF THE WORK

Compare a Catalan architect with a European architect, and also some of his works.

Learn a little more about modernism.

Learn to work together.

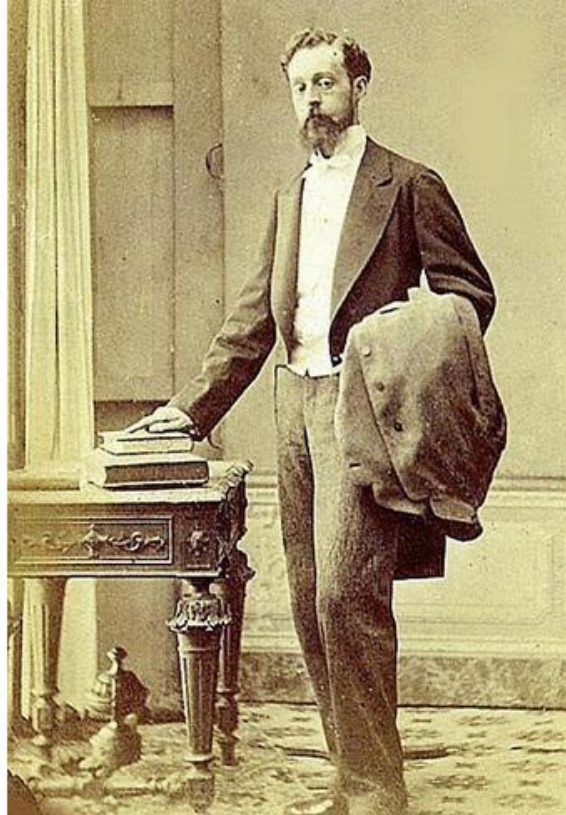

METHODOLOGY

- We searched for information on the Internet
- We practiced team work.
- We distributed the work to finish all the tasks.
- Each one had his work to do: to look for the information, to pass clean the work done in pencil and to check out that all was finished.
